EDUCATION

INSTITUTION	FIELD OF STUDY	DEGREE	YEAR
University of Florida	Curriculum & Instruction	EdD	2011
University of South Florida	Library & Information Science	MLIS	2003
Mercer University	History	BA	2001

CERTIFICATION

Academy of Health Information Professionals (AHIP):

Distinguished Member, 2023 - present

Senior Member, 2011 – 2016

Graduate Certificate in:

Online Teaching and Learning

Univ. of Florida

May 2008

EMPLOYMENT HISTORY

INSTITUTION	POSITION	DATES
University of Florida Health Science Center Libraries	Rank: Associate University Librarian Title: Reference and Liaison Librarian	07/2017 - Present
University of Florida Health Science Center Libraries	Rank: Assistant University Librarian Title: Reference and Liaison Librarian	01/2011 – 06/2017
University of Florida Health Science Center Libraries	Rank: Visiting Assistant Librarian Title: Distance Learning Librarian	12/2006 – 01/2011

INSTRUCTION

Credit-Bearing Course Instruction

UNIVERSITY OF FLORIDA

PHC 6937, Co-Instructor, University of Florida Academic Health Center

Course title: Finding Health Research Information and Communicating Science

Taught: Summer 2018 - 2023

Descriptions: This one credit graduate course is designed for students studying public health and allied health professions and students and introduces the most important concepts, resources, methods, and tools used in searching for and communicating health biomedical information. I co-teach each course and lead two class sessions per semester, which entails leading discussion, following the session agenda, providing feedback on written work, and grading course materials.

IDH2930, Co-Instructor, University of Florida Honors Department

Course Title: Baby Doctor: Modern Healthcare in the US

Taught: Fall 2018-2023

Description: I helped develop and co-teach this one credit undergraduate honors course that engages learners with Perri Klass' pediatric residency narrative, Baby Doctor: A Pediatrician's Training, supplementary readings on topics related to current trends in healthcare (medical humanities, arts-in-medicine, medical humanism, patient-centered care, interprofessional care, and evidenced based practice), and participating in experiential activities, in order to explore the change (or lack of change) in the health care system in the last 40 years and consider how they contribute to the current health care environment.

IDH2930 14DC, Co-Instructor, University of Florida Honors Department

Course Title: End of the Line: Examining Death through Graphic Medicine

Taught: Spring 2018-2019

Description: I helped develop and co-teach this one credit undergraduate honors course that explores graphic medicine through the lens of how humans experience the profound issues of caregiving for terminally ill loved ones, death, and the grief that results from loss.

IDH2930 22CE, Co-Instructor, University of Florida Honors Department

Course Title: Modern Healthcare: The House of God and Beyond

Taught: Fall 2018

Description: I helped develop and co-teach this one credit undergraduate honors course that engages learners with the House of God (HOG), supplementary readings on topics related to current trends in healthcare (medical humanities, arts-in-medicine, medical humanism, patient-centered care, interprofessional care, and evidenced based practice), and participating in experiential activities, in order to explore the change (or lack of change) in the health care system in the last 40 years and consider how they contribute to the current health care environment.

GMS 5909, Co-Instructor, University of Florida Academic Health Center

Course title: Finding Biomedical Research Information and Communicating Science

Taught: Fall 2016 - 2018, Fall 2020, Fall 2022

Description: This one credit graduate course is designed for biomedical sciences students and introduces the most important concepts, resources, methods, and tools used in searching for and communicating biomedical information. I co-teach each course and lead two class sessions per semester, which entails leading discussion, following the session agenda, providing feedback on written work, and grading course materials.

BMS 6810 and BMS 6812, Co-Instructor, University of Florida Academic Health Center

Course title: Putting Families First/Interdisciplinary Family Health

Taught: Spring 2012-Present

Description: I facilitate (or co-teach) each class session (three per semester) which entails leading discussion, following the session agenda, providing feedback on written work, and grading course materials.

Co-Instructor, University of Florida Academic Health Center

Course title: Interprofessional Learning in HealthCare

Taught: 2017-2022

Description: I co-facilitate a second year IPE course that consists of three half-day sessions of team-based learning activities centered around advanced concepts in interprofessional education.

EME 6609, Teaching Assistant, University of Florida College of Education

Course Title: Instructional Design

Taught: Fall and Summer 2008

Description: During the fall course I was responsible for designing & updating the course site (in Moodle), holding office hours, providing student feedback, and grading assignments. During the summer course I was responsible for adding course content and resources and providing student feedback on assignments and discussions.

UNIVERSITY OF ILLINOIS URBANA CHAMPAGNE

IS530HSO, Instructor, UIUC School of Information Sciences

Course title: Health Sciences Information Services and Resources

Taught: Spring B 2020

Descriptions: This course is designed to introduce students to health sciences libraries and librarianship, including academic health sciences and hospital libraries, the healthcare environment, and the people they serve. In addition, the course will also explore issues that are critical to health information including the growing emphasis on interprofessional education and care, informatics and data management, systematic reviews, evidence-based practice, informatics, and trends that will affect future practice.

Non-Credit Instruction - Selected Workshop Education/Training Programs

BMS 6091, Co-Instructor, University of Florida Academic Health Center

Session Title: Literature Searching for Health Outcomes and Policy

Audience: First year dental students

Taught: Spring 2014 - Spring 2023

Description: This instruction includes a one hour lecture/demonstration of searching PubMed and several small group hands-on sessions using students' individual research questions as examples.

Co-Instructor, University of Florida Academic Health Center

Session Title: Evidence Based Medicine/Literature Searching

Audience: First year medical students

Taught: Every fall semester since 2013

Description: This instruction includes a one-hour lecture/demonstration of searching PubMed and several small group hands-on sessions.

Co-Instructor, University of Florida Academic Health Center

Session Title: Evidence Based Medicine/Literature Searching

Audience: Second year medical students

Taught: Every fall semester since 2020

Description: This instruction includes a one-hour lecture/demonstration of searching Embase and several small group hands-on sessions.

DEN 6001, Instructor, University of Florida Academic Health Center

Session Title: Evidence Based Medicine/Literature Searching

Audience: First year dental students

Taught: Summer 2015 - 2016

Description: This instruction includes a one-hour lecture/demonstration of searching PubMed and several small group hands-on sessions.

Co-Instructor, University of Florida Academic Health Center.

Session 1: Instructor, Session 2 Co-Instructor

University of Florida Academic Health Center.

Session title: Information Resources on Sex/Gender Differences in Health

Audience: High School students

Taught: Summer 2014

Description: Instruction was provided to two sections of high school students in the UF Center for Pre-collegiate Education and Teaching (CPET) STEM Summer Immersion Experience program. CPET focuses on promoting excellence in science, math, and technology at the secondary education level through a variety of outreach activities. In these sessions high school students from rural areas of Florida were introduced to topics including the need for research in sex/gender differences in health and women's health, regulations and policies relating to research in sex/gender differences, and the Women's Health Resources Portal. The students were presented with ample examples of specific conditions/disorders that differ in men and women. After the introductory presentation the students spent the last 45 minutes of the session on a group activity which required them to discuss one topic relating to sex and gender differences in health and then share with the class as a whole.

Instructor, University of Florida Academic Health Center.

Session Title: Introduction to systematic reviews

Audience: Any HSC faculty, staff, or student

Taught: Since 2013

Description: This one-hour session introduces learners to systematic reviews, distinguishes between various types of reviews (e.g. literature reviews, scoping reviews, systematic reviews, and meta-analyses), describes various guidelines for conducting systematic reviews, and briefly introduces the process of conducting a systematic review. Concepts presented include: term harvesting, snowballing, and grey literature. The session is intended as an introduction to the complexities and challenges of successfully conducting a high-quality systematic literature review.

Instructor, University of Florida Academic Health Center.

Session Title: Medical Terminology

Audience: Any HSC faculty, staff, or student

Taught: 2013-2018

Description: This workshop consists of three two-hour sessions that cover the basics of medical terminology. Key concepts in the first session include word building, as well as the basics of body structure, including cells, tissues, organs, and body planes. Session two presents a review of body systems including integumentary, musculoskeletal, circulatory, lymphatic, nervous, sensory, reproductive, and urinary systems. Session three concludes the review of body systems with respiratory, digestive, and endocrine systems and covers diseases, diagnosis and treatment words. Lab tests, imaging, drugs, and surgery are included. The workshop is intended to introduce non-clinicians to medical terminology in the context of body systems and common pathologies and diagnostic tests.

Instructor, Medical Library Association Continuing Education Course

Session Title: Library Instructional Design

Audience: Medical librarians attending MLA and librarians/library staff working at the University of Florida

Taught: Since 2011

Description: The Library Instructional Design (LID) workshop provides opportunities to share best instructional design practices among library instructors, and training in planning, designing, implementing, and evaluating instruction. It includes lectures, discussions, learning activities, demonstrations and showcases. Participants may receive reading and reflection activities prior to the workshop.

CREATIVE WORKS

Instructional Multimedia Presentations

A team of librarians with liaison responsibilities for the medical student classes, Hannah Norton, Nina Stoyan-Rosenzweig, Ariel Pomputius, and I created a series of videos on evidence-based medicine literature searching for medical students. Videos were completed on 7/29/2016 and assigned to students to watch before their class session on 8/22/2016. Feedback from faculty and administrators in the college of medicine indicated that the videos were both high quality and easy for students to understand. Additionally, the liaison librarians observed a marked increase in the pre-requisite knowledge and skills of first year medical students in the evidenced-based medicine course.

- Finding the Evidence, Part 1: Formulating a Clinical Question: <https://youtu.be/RIWTrGnNVSk>
- Finding the Evidence, Part 2: Controlled Vocabularies: <https://youtu.be/WxoBYvzMwio>
- Finding the Evidence, Part 3: Search Strategies: <https://youtu.be/ZY6rKQNLWio>
- Finding the Evidence, Part 4: Searching PubMed: <https://youtu.be/OsxjRFhdrQ4>

Other Creative Work

I have created and maintained a series of LibGuides (library subject guides) for my assigned

liaison areas, ongoing projects, and public interest topics; several of these were co-created with library colleagues.

Liaison Area Libguides:

- Anesthesiology Resources: <http://ufl.libguides.com/Anesthesiology> - created 05/2011; last updated 07/2023; 1272 hits
- Emergency Medicine Resources:
- HSC Library Distance Learning Students: <http://ufl.libguides.com/HSCLDistance> - created; 03/2012; last updated 03/2022; 7204 hits
- Information Resources for Medical Students: <http://guides.uflib.ufl.edu/uf-medical-students> – Created 03/2015; updated 05/2023; 6489 hits
- Information Resources for Putting Families First Resources: <https://guides.uflib.ufl.edu/PFF>; 263 hits
- Interprofessional Education Resources: <https://guides.uflib.ufl.edu/IPE>; 238 hits

Libguides for ongoing library projects or public interest/health topics, co-created with colleagues:

- Vaccine Hesitancy Resources: <https://guides.uflib.ufl.edu/vaccinehesitancy> - last updated 05/2023; 108 hits
- Black History Month in the Health Science Center Libraries: <https://guides.uflib.ufl.edu/BlackHistoryMonth2022> - last updated 2/2022; 109 hits
- Covid-19 Resources: <https://guides.uflib.ufl.edu/covid-19> - last updated 4/2023; 18,057 hits
- Diversity, Equity, and Inclusion at the HSCL: <https://guides.uflib.ufl.edu/HSCLDiversity> - last updated 03/2023; 4575 hits
- Mobile Resources for Health: <http://ufl.libguides.com/mobilehealth> - created 08/2012; last updated 07/2022; 7943 hits
- Women's Health and Sex Differences Research: <http://ufl.libguides.com/sexdifferences> - created 02/2013; last updated 4/2016; 825 hits

PROFESSIONAL MEMBERSHIPS AND CONTRIBUTIONS

UNIVERSITY AND LIBRARY SERVICE

University

Interprofessional Education (IPE) Committee, member 2019- present

HSC Library Alternate Representative to the Health Science Center Associate Deans for Education Meetings, April 2019 – June 2021.

College of Medicine Curriculum Committee, Interim member August 2020 – June 2021.

College of Medicine – Jacksonville Executive Committee (COMJEC), Interim member August 2020 – June 2021.

University Libraries Committee, ad hoc member, August 2017 – August 2018.

Academic Health Center Educational Technology Advisory Committee AH-ETAC), August - 2010 present.

College

Smathers' Libraries Information Literacy Committee, member 2019-2023; Co-chair 2023- present

Smathers' Libraries Tenure and Promotion Committee, member, 2020 -2023.

Associate Dean for Research and Health Sciences and Fackler Director of Health Science Center Libraries Search Committee, December 2021 – August 2023.

Smathers' Libraries Sabbatical/FEO Committee, August 2021 - present

Smathers' Libraries Sustained Performance Evaluation Program (SPEP) Committee, June 2019-2022. Chair-Elect, 2020. Chair 2021.

Smathers' Library Statistics and Assessment Committee, fall 2014 – 2019. In 2018 I worked on a team that reviewed the qualitative Ithaka Survey data for presentation to the Dean and college.

Smathers' Libraries Diversity Committee, May 2014 – June 2019; Co-Chair, August 2016 – August 2017. Chair, August 2017 – June 2018, member June 2018 – June 2019.

Reproducibility Librarian Search Committee, January 2018 – February 2020. Member, January 2018 – July 2019. Chair, July 2019 – February 2020.

Fackler Director of the Health Science Library and Association Dean of the Smathers' Library Search Committee, November 2016 – April 2018.

Smathers' Libraries Faculty Assembly, member, June 2006 – present. Chair-Elect, July 2016 – July 2017. Chair, July 2017 – July 2018, Past Chair, July 2018-July 2019.

Department/Center

Public Health Liaison Search Committee, February 2022 – October 2023.

Health Science Center Libraries Digital Health Technology Team (formerly Mobile Technology Team), August 2012 – March 2020.

Health Science Center Libraries Diversity and Inclusion Team, June 2018 – present.

Health Science Center Libraries Assessment Team, member, March 2019 – present.

PROFESSIONAL SERVICE

National

Association of Academic Health Science Libraries; Program and Education Committee, member, 2022 – present

Medical Library Association, member 2010 – present

- Educational Technology and Media Section, member 2011 – 2019; Chair-Elect, 2015 – 2016; Chair, 2016 – present; Past-Chair, 2017-2018

American Library Association (ALA), member 2003 – 2010

Association of College and Research Libraries (ACRL), member 2005 - 2010

- Distance Learning Section, Member 2004 – 2010
- Bibliography Committee, member, 2009 – 2011; edited sections of the online bibliography
- Communications Committee, member, 07/05 – 06/09; updated the section brochure.

Regional

Southern Chapter of the Medical Library Association, member, 2020 – present

State

Florida Health Sciences Library Association (FHSLA), member, 2004-2009, 2007-2008 Webmaster

PROFESSIONAL ACTIVITIES

International

Cochrane Collaboration Search Methods Peer Review, 2023 – present.

Cochrane Urology Working Group, Assistant Information Specialist, 2013 – present.
