EDUCATION

Postgraduate Year 1 Managed Care Pharmacy Resident, July 2011-June 2012

RegenceRx, Portland, Oregon

Doctor of Pharmacy, August 2006-May 2011

University of Missouri-Kansas City School of Pharmacy, Kansas City, Missouri

Bachelor of Science-Biology, January 2000-December 2004

Minor-Chemistry, January 2000-December 2004

University of Missouri-St. Louis, St. Louis, Missouri

PROFESSIONAL EXPERIENCE

Adjunct Associate Instructional Professor, April 2021-current

University of Florida College of Pharmacy, Department of Pharmaceutical Outcomes & Policy Online Graduate Program

- Administer an applied pharmacy benefit design principles course examining various components of pharmacy trend using real-world trend data
- Administer a publication planning course in which students learn good publication practice standards and ethics

Founder, June 2019-current

Connected Content, Ltd., Boulder, Colorado

- Provide freelance writing and editing services such as creating and managing publication of manuscripts, and authoring product dossiers using the AMCP Format
- Engage in various consulting projects drawing primarily on previous experience in formulary management, clinical account management, and health plan support

Pharmacist Program Manager, October 2014-April 2022

IngenioRx/Anthem Inc., Denver, Colorado

- Engaged directly with local Colorado and Nevada clients to provide pharmacy trend analysis, benefit recommendations, program education, and clinical guidance
- Worked with internal teams to ensure proper adjudication of pharmacy benefits, and trouble-shoot benefit and member issues
- Worked as a member of the Colorado and Nevada Cost of Care teams to analyze trends, educate on Enterprise pharmacy activity, and implement medication-related initiatives
- Provided additional health plan support such as legislative representation and involvement implementing mandates, and product development

Clinical Pharmacist Consultant, July 2012-October 2014

OmedaRx, Portland, Oregon

- Critically appraised clinical evidence to author evidence based therapy class reviews, formulary recommendations, and medication coverage criteria
- Developed utilization management programs for a variety of medication classes including specialty medications covered under both the retail and medical benefit
- Managed external client accounts which included providing support for formulary and utilization management, and Pharmacy & Therapeutics Committee meetings
- Provided coverage determinations, coverage guidance, and evidence based medication information to other health care providers and members

Adjunct Faculty, August 2013-December 2014

Pacific University School of Pharmacy, Hillsboro, Oregon

- Precepted first-year student pharmacists in their initial pharmacy practice experience
- Assisted in developing understanding of self-care, Top 200 medications, patient consultations, and device instructions
- Facilitated discussion to develop skills in critical thinking, assessment, problem solving, and communication
- Reviewed textbook and case-based scenarios to select appropriate over-the-counter products and learn about exclusions to self-care which require referral for medical care

Registered Pharmacist, April 2012-April 2014

Walgreens, Portland, Oregon

- Provided patient education on safe and appropriate use of prescription medications
- Responded to medication-related questions, recommended over-the-counter products, and provided patient education on their safe and appropriate use
- Reviewed patient profiles, and consulted with prescribers to prevent and resolve medication-related problems
- Entered, dispensed, and verified accuracy of prescription orders

Postgraduate Year 1 Managed Care Pharmacy Resident, July 2011-June 2012

RegenceRx, Portland, Oregon

- Developed a basic understanding of the RegenceRx organization including their evidence based philosophy, the role of various committees, and network and rebate contracting
- Designed and conducted an original research project using prescription claims data to determine impact of implementing a new utilization management strategy
- Critically appraised clinical evidence to author evidence based therapy class reviews, formulary recommendations, and medication coverage criteria
- Provided coverage determinations, coverage guidance, and evidence based medication information to other health care providers and members

Pharmacy Intern, July 2005-May 2011

Walgreens, Kansas City, Missouri

- Educated patients on prescription medications and over-the-counter products under the supervision of a registered pharmacist
- Entered and dispensed prescription orders

- Filed insurance claims and resolved insurance related issues such as prior authorizations and dose change overrides
- Assisted in ordering and stock management including receiving product, stock rotation, and product return

LEADERSHIP EXPERIENCE

First Year Faculty Teaching Academy, University of Florida

- Attended an intensive workshop for new faculty, which covered topics such as interactions and motivation, active learning, and effective feedback and assessment
- Completed module assignments before and after each discussion to master the skills and to reflect on ways to incorporate them into the classroom

Postgraduate Year 1 Managed Care Pharmacy Residency Preceptor

- Facilitated a Commercial Account Management rotation providing experience working with and presenting to clients and related special projects
- Worked with other preceptors on an ongoing basis to develop preceptor skills and continuously improve the resident experience

JMCP Editorial Advisory Board Chair

- Assisted in setting agenda and compiling minutes for, as well as presiding over, bi-annual Editorial Advisory Board meetings
- Participated in special projects such as selection of JMCP Award for Excellence

JMCP Editorial Advisory Board Subcommittee Chair

- Organized and facilitated discussion to develop recommendations for publication of articles exclusively online
- Gathered additional relevant information, and finalized and submitted recommendations to JMCP editors on behalf of the subcommittee

JMCP Editorial Advisory Board

- Solicited articles from contacts in the managed care field or other sources, and advised JMCP editors regarding journal procedures and content
- Attended bi-annual Editorial Advisory Board meetings, participated in various subcommittees, and served as a peer reviewer

AMCP Co-diplomat Pacific University, Oregon Health & Science University, Regis University

- Provided guidance to AMCP Student Chapters regarding managed care concepts and opportunities
- Connected students with managed care professionals and other resources to facilitate managed care experiences and career development

Advanced Pharmacy Practice Experience Manager, OmedaRx

- Administered a managed care rotation experience for student pharmacists from a variety of schools of pharmacy
- Oversaw pharmacy residents as preceptors to assist in development of project management and performance evaluation skills

Oregon Pharmacy Teaching Certificate, Oregon Health & Science University

- Developed and presented a pharmacotherapy lecture on depression for pharmacy students at Oregon Health and Science University
- Facilitated a small group session where students were asked to recommend treatment for a chronic kidney disease patient case
