National Association of Social Workers

CLINICAL EXPERIENCE

University of Florida, College of Public Health and Health Professions
Department of Clinical and Health Psychology
Gainesville, Florida

Director, UF Health Psychology Specialties November 8, 2021 – present

- Provide clinical guidance and policy direction for UF Health Psychology Specialties' Clinics and satellite locations.
- Transitioned clinical care focus to Episodes of Care Model to decrease wait times for patients to receive services and increase

- trainee competencies in areas of orientation to treatment and termination processes.
- Assumed clinic director's role in ongoing self-initiated audit of delivery of services to patients with Medicare and implemented appropriate changes to clinic practices and documentation and communicated with faculty, staff, and trainees to assure compliance.
 - Led departmental efforts and eventually spearheaded combined efforts with Psychiatry and UF Health lobbyists to address challenges with policy changes made by The Agency for Health Care Administration (AHCA) which resulted in disenrollment of providers and the inability to see patients with Medicaid. Though CHP was impacted first, the entire UF Health system and providers across the State of Florida were all impacted by policy changes. Through these efforts, AHCA agreed to make policy changes and reinstated all providers to allow resumption of services to patients with Medicaid. AHCA continues to work to change this policy at the state level.
 - Together with the department's Assistant Director of Administrative Services, developed a plan for significant clinic expansion and relocation at the encouragement of Dr. David Nelson, Senior Vice President for Health Affairs and President of UF Health. This plan is currently under consideration by Dean Virnig, College of Public Health and Health Professions, and Dr. Nelson.
 - Created and implemented translation services policy and acquired services with AMN/Stratus Video.
 - Created and implemented written Compliance policies as they pertain to billing and supervision requirements.
 - Secured a grant via UF Health/Shands to develop and implement patient satisfaction survey through Press Ganey.
 - Worked with Press Ganey to develop and implement a Patient Satisfaction Survey unique in the health system that specifically targets mental health service delivery as compared to other mental health practices nationally.
 - Coauthored updates to the existing Forensic Protocol to include policies for other legal requests of our faculty.
 - Created and led Clinic orientation processes for incoming interns, postdocs, and faculty, as well as graduate students preparing to move into clinical work.
 - Facilitated expansion of Clinic Administrative staff to increase staff availability for patient scheduling to maximize provider time and decrease patient wait times for access.
 - Act as Clinical Liaison with UF Health including participation in the UF Health Medical Directors' monthly meeting.
 - Coordinate with the Director of Clinical Training and Area Heads in relation to services provided by psychology trainees.
 - Assist with orientation to the Clinic for new faculty, trainees, and counseling staff.
 - Supervise UF Health Psychology Specialties Clinic Practice Manager.
 - Facilitated and supervised counselors at UF Health Scripps Biomedical Research campus in Jupiter, FL. Directed and supported staff in transitioning to UF Scripps Employee Counseling Services including acquiring necessary charting software, implementation of new policies, departmental structure, and scope of services.
 - Assist faculty in hiring and training of clinical counselors across the department as needed.
 - Facilitate monthly Clinical Operations Group meeting.
 - Participate as member in the Executive Committee meetings.

Clinical Associate Professor

July 1, 2022 - present

- Directly supervise team of mental health counselors and social workers at the Haile location.
- Oversee the Dialectical Behavior Therapy Program (DBT) for Adolescents and Adults.
- Facilitate Advanced Training Practicum in DBT for psychology trainees and provide direct supervision.
- Conduct all aspects of interview and training of clinical counseling staff as needed at the Haile location.
- Provide evidence-based treatment to patients with concerns including Depression, Bipolar Disorder, Anxiety, OCD, PTSD, Borderline Personality Disorder, Adjustment Disorders, and relationship concerns. Treatment modalities include CBT, DBT, Mindfulness, CPT, PE, and ERP.

Clinical Assistant Professor

February 15, 2016 – June 30, 2022

Assistant Director for Master's Level Supervision

- Created and implemented General Mental Health Team overseeing treatment provided by master's prepared clinicians. Duties include reviewing intake information, provide diagnoses and initial treatment plans to be carried out by clinicians, lead search committees to fill positions, provide ongoing weekly supervision for clinicians, quarterly reviews as well as all related management duties for clinicians. Mentored several unlicensed, recent Mental Health graduates to licensure. Implementation of this Team approach and fully clinical line of service significantly improved wait time for new patients for concerns addressed by the team and added substantial revenue to the Department and College. GMH Team exceeds revenue collections annually and has earned nearly one quarter of the Clinic revenue since the 2018-2019 fiscal year.
- Successfully relocated the General Mental Health Team to a satellite location in Haile Plantation, created and implemented related policies and procedures for this location.

- Created guidelines and suggested procedures, provided support to swiftly move the Department to Telehealth during the COVID pandemic; own team completely pivoted seamlessly in 12 hours, including the DBT program.
- Assist other faculty in increasing their clinical caseloads and in recruiting, training, and supervising Master's Level Clinicians.
- Created and implemented a Dialectical Behavior Therapy-Informed (DBT) treatment program complete with Consultation Team and group and individual treatment for adults and adolescents. Only DBT/DBT-informed program in the immediate region, receive referrals from within and outside of the State of Florida.
- Successfully secured specialized funding for the Team to attend Intensive DBT Training with Behavioral Tech via Psychwire.
- Created DBT-informed Parent Support Group designed to encourage parents to use the Skills for themselves and enhance their understanding of their child's challenges.
- Complete administrative tasks related to screening and assigning patients to the DBT program, respond to referral and informational requests from professional and potential patients, and track treatment outcomes.
- Created two Coping Skills Groups: one for at-risk adolescents and one for Medical Students.
- Created a DBT-informed Practicum in Intervention rotation for doctoral level psychology students
- Co-Instruct CHP's Advanced Psychotherapy Treatment Course including complete revision of the course.
- Supervise and mentor pre- and post-doctoral level psychology trainees and master's clinicians.
- Provide didactic training to CHP Postdoctoral Residents and graduate students on DBT as requested.
- Provide didactic training to College of Medicine, Child and Adolescent Psychiatry Residents as requested.
- Provide guest lectures in Abnormal Psychology undergraduate course and Psychological Treatment I graduate course.
- Carry a patient caseload providing evidence-based treatment to patients with concerns including Depression, Bipolar Disorder, Anxiety, OCD, PTSD, Borderline Personality Disorder, Adjustment Disorders, and relationship concerns. Treatment modalities include CBT, DBT, Mindfulness, CPT, PE, and ERP.
- Member of the Department's Clinical Operations Group.

Hazelden, Part of the Hazelden Betty Ford Foundation

August 2015 – February 2016

Naples, Florida

Senior Clinician

- Created and implemented Hazelden FL's first Senior Clinician role.
- Conducted Mental Health Assessments (MHA) with new patients. Population was adult substance abuse Partial Day, Residential, Intensive Outpatient, and Outpatient treatment. Specific focus on middle age and older adults.
- Provided consultation to Chemical Dependency Counselors and interdisciplinary treatment team members in daily rounding reports and weekly treatment team.
- Provided individual therapy to higher risk patients and those with severe comorbidities including PTSD, Food Addiction, Eating Disorders, Depressive Disorders, OCD, and Anxiety Disorders, among others. Techniques include CBT, DBT, Mindfulness, CPT, PE, and ERP.
- Provide two-day rotating lecture for patients on Mindfulness from a DBT perspective.

EDUCATION

at Argosy University, Chicago**

August 2014

APA Accredited Program

Doctor of Psychology: Clinical Psychology Generalist with emphases in Forensic and Health psychology

**The Illinois School of Professional Psychology
at Argosy University, Chicago**

June 2012

Master of Arts, Clinical Psychology

Wayne State University, Detroit, MI

Master of Social Work

May 1999

Eastern Michigan University, Ypsilanti, Michigan

Bachelor of Science, Psychology

April 1997

CLINICAL TRAINING

University of Florida, College of Medicine
Department of Psychiatry, Medical Psychology Division
Gainesville, Florida

September 2014 – September 2015
Supervisor: Gary Geffken, Ph.D.

Postdoctoral Associate and Psychology Resident

- Conducted intake assessments, provided evidence-based individual and family therapy for patients ages 8 and up. Common diagnoses included OCD, PTSD, Eating Disorders, Depressive Disorders, and Anxiety Disorders, among others. Techniques included CBT, DBT, Mindfulness, CPT, PE, and ERP.
- Participated as a member of the Exposure and Response Prevention treatment team providing intensive treatment for OCD
- Completed psychological evaluations with children, adolescents, and adults.
- Provided Consultation-Liaison services to the Eating Disorder Recovery Center, Shands-Vista, and the Florida Recovery Center.
- Created and conducted weekly didactic training for graduate students, medical residents and fellows interested in DBT.
- Provided supervision and mentoring for psychology graduate students conducting therapy and assessment.
- Co-lead weekly group supervision for third year psychiatry residents (PGY3) including case consultation and clinical teaching of therapeutic approaches including DBT, PE, and ERP.
- Created lecture content for an online course in addiction for professionals seeking addiction professional certification in FL.

Headway Emotional Health Services

Golden Valley, Minnesota

August 2013 – August 2014
Supervisors: Macarena Corral, Psy.D., Steve Peltier, Ph.D.

Pre-Doctoral Psychology Intern

APPIC Member internship

- Participated as a consultant of the state-certified, adherent DBT treatment team. Conduct DBT intake assessments; facilitated individual and skills group sessions, and coaching calls.
- Assisted with community outreach and expansion of services to provide diagnostic assessments for residents at a long-term facility serving clients with chronic chemical dependence.
- Conducted intake assessments and provide evidence-based individual and couples therapy to a culturally diverse population of adolescents and adults. Techniques utilized include CBT, ACT, DBT, Mindfulness, Family Systems Theory, and Brief Strategic Family Therapy.
- Completed psychological evaluations with children, adolescents, and adults.
- Participated as a member of a twice-monthly interdisciplinary consultant team for all non-DBT client cases.
- Provided peer support and consultation to psychology practicum students.

Will County Health Department

Joliet, Illinois

September 2012 – June 2013
Supervisors: Rita Gray, Psy.D., Priscilla DuBois, Ph.D.

Advanced Extern

- Participated as a team member of the Youth Experiencing Success in School (YESS) program at Joliet West High School. Services include on-site crisis intervention, CBT-based therapy, and psychodiagnostic testing. Common concerns include bullying, gang violence and concerns, body image issues, depression, anxiety, and family conflicts.
- Provided evidence-based individual and family therapy to a culturally diverse population of children and adolescents.
- Completed psychological evaluations with youth, including collateral interviews with families, educators, and treatment providers.
- Administered psychodiagnostic testing to youth referred for diagnostic impression and clinical recommendations by therapists, local court and probation departments, and school programs.
- Provided supervision for diagnostic, therapy, and advanced practicum students.

River Valley Detention Center

Joliet, Illinois

July – August 2012
Supervisor: Nicholas O'Riordan, Ph.D.

Diagnostic Extern (Supplemental)

- Provided psychodiagnostic test administration, clinical interviewing, and collaborative interviews for court-ordered evaluations of juveniles housed in a detention center. Referrals requested diagnostic impression and clinical recommendations to assist the court and probation department with sentencing and treatment requirements for youth.

Sheridan Shores Care and Rehabilitation Center

Chicago, Illinois

Therapy Extern

July 2011 – June 2012

Supervisor: Nicholas O'Riordan, Ph.D.

- Conducted evidenced-based individual and group therapy in a residential medical setting serving a diverse population with a variety of psychological and developmental disorders. Residents struggle with severe and persistent mental illness, including traumatic brain injury, PTSD, schizophrenia, and schizoaffective disorder. Many residents have co-occurring substance abuse issues and significant medical complications, making for a complex and challenging milieu.
- Developed and implemented evidenced-based group curricula for five separate weekly therapy groups: Depression and Coping Skills, Anger Management, Anxiety and Relaxation, Women's Issues, and Substance Abuse. Techniques included psycho-education, CBT, ACT, Mindfulness, DBT, art therapy, and Progressive Muscle Relaxation.
- Conducted comprehensive intake assessments including diagnosis and treatment recommendations for new residents.
- Carried a caseload of six to eight individual therapy clients, including five long-term clients treated for twelve months.
- Provided outcome measures using the Depression and Anxiety Stress Scales 21 (DASSI-21).
- Coordinated care for residents with a multidisciplinary team to provide comprehensive services for residents. Attended weekly didactic presentations covering a variety of topics including evidenced-based treatment for residents with schizophrenia, usefulness of DBT and ACT with severely mentally impaired, evidenced-based therapeutic conceptualization and application, post-traumatic stress, and traumatic brain injury.

Alan M. Jaffe, Psy.D., and Associates

Chicago, Illinois

Diagnostic Extern

July 2010 – June 2011

Supervisor: Alan M. Jaffe, Psy.D.

- Provided psychodiagnostic test administration, clinical interviewing, and observation of individuals involved in child custody cases, as well as substance abuse and mental health evaluations for individuals, as ordered by the courts and other referral sources.
- Assisted with clinical research pertaining to the defense in a high profile murder case.
- Assisted in analyzing evidence in a rape case and provided a summary of the materials provided.

Oakdale Recovery Center, Hegira Programs

Canton, Michigan

MSW Student – Second Year Field Placement

September 1998 – May 1999

Supervisor: Doreen Lightener, MSW, ACSW

- Provided biopsychosocial assessments, treatment planning, aftercare and discharge planning, and individual and group therapy to clients in a residential chemical dependency treatment facility.
- Facilitated specialized psychotherapy group for women with chemical dependency and dual diagnoses.

Girlstown Foundation

Belleville, Michigan

MSW Student – First Year Field Placement

September 1997 – May 1998

Supervisor: Mari Hayes, Ph.D.

- Provided therapy to female wards of the State of Michigan, ages 8-18, in a residential setting.
- Provided biopsychosocial assessments, individual therapy, and assisted with home visits and court preparations.
- Coordinated psychoducational presentations to encourage focus on positive life outcomes and goals.
- Created and implemented a basic life skills group for the high school girls.

OTHER RELEVANT CLINICAL EXPERIENCE

Private Practitioner

Plymouth, Michigan

June 2005 – June 2011

Supervisor: David Abbott, Ph.D., LCSW

- Provided biopsychosocial assessments with emphasis on substance abuse/dependence screening of clients with chronic pain and long term opioid addiction as a Consultant to a Center for Alternative Medicine.
- Provided individual and couples therapy to adult clients with mental health, substance abuse, and dual diagnosis concerns.
- Completed substance abuse evaluations for the Michigan Driver's License Review Board and at attorney request.
- Designed intake, consent forms, and 16 hours of substance abuse educational programming for an independent company working with various local courts.

St. Joseph Mercy Hospital

Ann Arbor, Michigan

August 2005 – August 2008

Supervisor: Diane Fenske, LCSW

Medical Social Worker II: Coronary ICU/Surgical ICU

- Conducted biopsychosocial and chemical dependency assessments with patients in the ICU and step-down wards and provided recommendations to patients and multidisciplinary team members.
- Assisted patients and families in learning to cope with severe and long-term illnesses.
- Created a specialty ICU role focused on providing brief crisis intervention and support for patients and families in crisis.
- Participated on several committees including Trauma Operations, Organ Tissue Donation, and a special focus group to create and implement improved quality of care for cardiothoracic patients.
- Cultivated a relationship with the University of Michigan School of Social Work, creating an ICU practicum for advanced students.
- Created and delivered continuing education courses focused on substance dependence.

Catholic Social Services

Ann Arbor, Michigan

Staff Therapist

- Provided biopsychosocial assessments, treatment planning, mental health and substance abuse therapy, case consultation, and crisis intervention.
- Provided substance abuse assessments for Michigan Department of Corrections (MDOC) clients.
- Assisted with training and orienting new therapists.

February 2007 – February 2008
Supervisor: David Garvin, LCSW

Oakdale Recovery Center, Hegira Programs

Canton, Michigan

Staff Therapist

- Provided biopsychosocial assessments, treatment planning, and individual therapy for adult clients with mental health, substance abuse, and dual diagnosis concerns.

January 2006 – February 2007
Supervisor: Patty Meyer, LCSW

Eastwood Clinics

Dearborn, Michigan

Staff Therapist/Women's Intensive Outpatient Therapist

- Provided biopsychosocial assessments, treatment planning, and case management services.
- Provided chemical dependence treatment including group and individual therapy. Designed and implemented 16 hours per week of programming for Women's Intensive Outpatient Program and an additional after-care step-down group.
- Coordinated care with community supports, including probation officers and halfway (recovery) houses.
- Completed substance abuse evaluations for Michigan's Driver's License Review Board.
- Worked with the Federal Department of Corrections and MDOC providing individual therapy to probation/parolees.
- Provided adult mental health treatment: individual and couples therapy, and EAP services for various corporations.

May 2001 – June 2005
Supervisors: Preeti Venkataraman, MD, Susan Matlas, LCSW

Loyola High School

Detroit, Michigan

Contractual Social Worker

- Provided psychosocial assessments and in-school individual and family therapy as needed in a Jesuit boys' high school.

May 2003 – February 2004

Brighton Hospital

Brighton, Michigan

Inpatient Therapist

- Provided psychosocial assessments, treatment and aftercare planning, and individual, group, and family therapy in a multi-disciplinary residential chemical dependency treatment facility.
- Created and facilitated presentation on cognitive effects of addiction and appropriate interventions to reverse negative effects.
- Provided supervision to master's level student interns and trained new staff.

April 1999 – May 2001
Supervisor: Nan Reynolds, LCSW, ACSW

ADDITIONAL TRAINING EXPERIENCES

Behavioral Tech via Psychwire

DBT Intensive Training

- Four part Intensive program grounded in dissemination and implementation science to strengthen understanding of the

March 16, 2021 – June 2022 (16 month program)

theoretical underpinnings of DBT, improve skills training, and strengthen the existing Team and Program.

Tampa Bay Center for Cognitive Behavior Therapy, Inc.

DBT 2-Day Advanced: Case Conceptualization and Treatment Planning

May 1, 8, 15, 2020

Center for Deployment Psychology

Specialized training

December 8-12, 2014
April 30 – May 4, 2012
February 10-11, 2021

- Prolonged Exposure (PE) and Cognitive Processing Therapy (CPT) for treatment of PTSD (updates, Feb 2021)

Minnesota Psychological Association

Specialized training

March 7, 2014

- Intersection between Sleep and Chronic Pain: updates on the current research, effects of commonly used pain medications on sleep, treatment strategies for sleep problems in chronic pain patients, and cognitive behavioral therapy for insomnia for persons with chronic pain.

Study Abroad

Illinois School of Professional Psychology at Argosy University, Chicago

Seoul, Korea

Treatment Issues with Diverse Populations

December 10 – 21, 2010

- Participated in immersion experiences to enhance empathy and understanding of being the “cultural other.” Met with Korean psychiatry residents to compare and contrast Eastern and Western professional training and the role of culture in training. Toured Kyung Hee University Medical Center to increase understanding of combined use of Eastern and Western medicine.

TEACHING EXPERIENCE

University of Florida

College of Public Health and Health Professions

Department of Clinical and Health Psychology

Co-Instructor

CLP7934 Advanced Psychotherapy

2017 – 2021

- Collaborated with co-faculty to substantially overhaul existing syllabus for this follow-up course to the Psychological Treatment I course, CLP-6407. The course stresses skill development in case conceptualization and cognitive behavioral therapy theoretical comprehension and treatment implementation, including third wave treatments.

Illinois School of Professional Psychology at Argosy University, Chicago

Graduate Teaching Assistant

Objective Personality Assessment

September 2010 – April 2011

- Conducted TA sessions to aid students’ abilities to score and interpret various objective measures, conduct clinical interviews, and produce comprehensive written reports utilizing data and relevant history.
- Participated in evaluation of students’ written examinations.

Illinois School of Professional Psychology at Argosy University, Chicago

Graduate Teaching Assistant

History and Systems of Psychology

May 2010 – June 2011

- Assisted professor in facilitation of student discussion of the history of psychology.
- Conducted TA sessions to improve students’ professional writing.
- Participated in evaluation of students’ abilities through written assignments and class presentations.

University of Michigan School of Social Work

Ann Arbor, Michigan

Adjunct Faculty

March 2006 – August 2008

- Field Supervisor for Advanced Standing Social Work Students.

CLINICAL GRANTS RECEIVED

UF Health Shands Hospital May 1, 2022 – April 30, 2023
Principal Investigator **\$63,300**
“Development and Implementation of an Automated Patient Satisfaction
and Mental Health Outcomes Assessment Measure in the UF Health Psychology Specialties Clinic”

HONORS AND AWARDS

UF Health Science Center March 20, 2023
Superior Accomplishment Award

UF Health Science Center March 29, 2021
Superior Accomplishment Award

UF PHHP, Department of Clinical and Health Psychology October 2018, 2019, & 2020
Nominee: Hugh Davis CHP Therapy Supervisor Award

American Board of Professional Psychology May 2019
Nominee: Early Career Psychologist (ECP) Service Award

Health and Rehabilitation Section, Illinois Psychological Association November 2, 2012
Graduate Student Poster Competition

Merit Scholarship, The Illinois School of Professional Psychology, at Argosy University, Chicago 2010-2011

Graduate Professional Scholarship, Wayne State University 1998 – 1999

Eastern Michigan University Dean’s List 1996 – 1997

UNIVERSITY GOVERNANCE AND SERVICE

Marshall, Commencement Ceremonies 2016 - present

Reader, Commencement Ceremonies 2017 - present

Senator, University Faculty Senate 2019 - present

Member, Preservations of Historic Buildings and Sites Committee 2019 – present

Member, Campus Student Housing Committee 2019 - present

Member, University Counseling Resource Network 2019 - present

Member, Faculty Senate Welfare Council 2020 - present

OTHER LEADERSHIP AND COMMUNITY SERVICE EXPERIENCE

Florida Health Professions Association, Inc. November 2021 – present
Board Member

Student Government Association
Argosy University, Chicago Campus
Vice President of Student Affairs

May 2012 – June 2013

- Suggested and helped coordinate a University-wide Student and Teacher Appreciation dinner event honoring exemplary professors. Planned and hosted several University-wide student and faculty social events designed to enhance a culture of cohesion, integration, and unity among all University departments.
- Attended general student orientations to promote student involvement in organizations and government and participated on a student panel at orientation day for first year Clinical Psychology students.
- Attended Student Government Association meetings and acted as the SGA liaison in faculty Student Affairs Committee meetings.

Jesse Brown Veterans Affairs Medical Center
Chicago, Illinois
Volunteer, Emergency Department

May 2012 – May 2013

Program Reviewer: Student Poster Presentation Proposal
National Multicultural Conference and Summit 2013

June 2012

- Reviewed student poster proposals for relevance, strength of research, appropriateness of analysis, importance of findings, quality of interventions, and relevance to the Conference's themes and objectives.

PBJ Outreach Ministry
Detroit, Michigan

October 2002 – December 2011

- Assisted with preparation, delivery, and distribution of food and clothing to the homeless.

Naomi Ruth Cohen Foundation
Evanston, Illinois
Event Volunteer

October 26, 2008

Safe House
Ann Arbor, Michigan
Crisis Line Volunteer

PRESENTATIONS AND PUBLICATIONS

King, L.M., Rector, C., Goggin, K., & Miller, S.A. (2012, November 2). Hazardous Use of Alcohol by Physicians in the U.S. Poster Presentation, presented at The Illinois Psychological Association Convention 7th Annual Poster Competition for Graduate Students.

King, L.M., Rector, C., Goggin, K., & Miller, S.A. (2011, May 24). Hazardous Use of Alcohol by Physicians in the U.S. Poster Presentation, presented at Student Research Day, Illinois School of Professional Psychology at Argosy University, Chicago

Daniels, R. C., **King, L. M.** (2008, March 19). Chemical Dependency Assessment Part II: Assessing for Appropriate Levels of Care and Understanding Family Dynamics. Continuing Education Seminar, presented to the Social Work Department at St. Joseph Mercy Hospital, Social Work Department, Ann Arbor, MI

Daniels, R. C., **King, L. M.** (2007, October 31). Chemical Dependency Assessment Part I: Understanding Diagnostic Criteria. Continuing Education Seminar, presented to the Social Work Department at St. Joseph Mercy Hospital, Social Work Department, Ann Arbor, MI

RESEARCH EXPERIENCE

Clinical Research Project

September 2010 – February 2013

“Hazardous Use of Alcohol by Physicians in the U.S.”

Illinois School of Professional Psychology at Argosy University, Chicago

- Original study of U.S. attending physicians' use of alcohol utilizing the World Health Organization's (1993) AUDIT-C in an

anonymous, online survey. Logistic regression was utilized to examine if age, medical specialty, or gender are predictors for hazardous alcohol use and dependence or abuse of alcohol. Results from this national sample of physicians were compared to SAMHSA's 2010 findings of rates of dependence or abuse of alcohol within the U.S. general population.

MSW Program Student Research Project

September 1998

“A Study of Alcohol and Marijuana Use Motives Among Social Work Students at Wayne State University”

Wayne State University, School of Social Work

- Conducted a literature search, selected a previously validated tool, collected and interpreted data, and completed a final written report regarding social work students' reasons for use of alcohol and marijuana.

Research Assistant

February 1997 – March 1998

Eastern Michigan University, Department of Psychology

- Assisted with analysis of data and statistical interpretation of results utilizing SPSS.

Bachelor of Science Student Research Project

January – April 1996

“Issues of Child Abuse in Families Affected by Parental Alcoholism”

Eastern Michigan University

- Group research project examining the relationship between parental alcoholism and instances of child abuse in families involved with social services agencies in the Detroit Metropolitan area.
