## BRIEF DESCRIPTION OF JOB DUTIES

---

Since July 2003, Dr. Pereira has held a 1.0 FTE appointment in the Department of Clinical and Health Psychology in the College of Public Health and Health Professions.

A. Research

Dr. Pereira's independent program of research integrates three areas of research: psycho-oncology, psychoneuroimmunology (PNI), and women's health. Her job duties include preparing grant applications in order to seek/receive external funding and preparing manuscripts for publication in peer reviewed journals in behavioral/psychosomatic medicine, psycho-oncology, and PNI.

B. Teaching

i. Research Mentorship

Dr. Pereira has served as an active research mentor for predoctoral and postdoctoral students in clinical health psychology. Dr. Pereira also routinely serves as a doctoral committee member for students outside her department, including those in other departments in the College of Public Health and Health Professions, College of Nursing, and College of Liberal Arts and Sciences. In addition, she provides research mentorship to predoctoral students completing their internship year in the Department of Clinical and Health Psychology. She also provides research mentorship to approximately one to three undergraduate honors students in any given year, as well as to undergraduates who are engaging in independent research for credit.

ii. *Clinical Teaching*

Dr. Pereira serves as the Attending Psychologist for the Psycho-Oncology Service in the UF Health Psychology Specialties clinic. Her primary role is to train and supervise predoctoral and postdoctoral students in the psychological evaluation and treatment of oncology outpatients and inpatients. She currently supervises core practicum students who are assigned to their first clinical health psychology practicum, advanced practicum students who are seeking more intensive training in psycho-oncology, and pre-doctoral interns and postdoctoral fellows specializing in clinical health psychology. She also supervises the short- and long-term psychological treatment of individuals with chronic and life-limiting illnesses, carrying a supervision load of approximately 15-20 outpatients/inpatients at any given time. She also serves as a clinical instructor for the College of Medicine's Family Medicine Clerkship.

iii. *Classroom-Based Teaching*

Dr. Pereira's area of graduate teaching expertise is clinical health psychology, psycho-oncology, and the biopsychosocial aspects of women's health. She is the primary instructor for Advanced Behavioral Medicine and Health Psychology (CLP 7317) course requirement. This course is taught once every two years. She also teaches Advanced Psychotherapy, a required intervention course for third – fifth year students. This course is taught yearly. Finally, she is also the faculty mentor/supervisor of Introduction to Health Psychology (CLP 4314), an undergraduate course. This course is taught once per year.

C. Service

Dr. Pereira's prior and ongoing service to the Department, College, Academic Health Center, and University includes serving (i) as the Department's Area Head; (ii) on faculty search committees; (iii) on the Department's graduate student admissions committee; (iv) on the Department's masters' committees; (v) on the Department's Executive, Curriculum, and Clinical Operations Committees; (vi) on the College's Curriculum Committee; (vii) on the College's DEIA committee, (viii) on the UF Health Cancer Center Hospital Committee; (ix) on the UF Health Cancer Center's Scientific Review and Monitoring Committee; (ix) as the Department's Director of Postdoctoral Training, and (x) as the Director of the PPHP UPTurn program.
